

Dear Parents,

We are excited to be continuing our Adventureach Teams program. Last year we were blessed to run all our programs with no positive contacts of Covid-19 at any Adventureach Programs. To continue to operate safely we will need the co-operation of all participants and parents. If you are uncomfortable with any of the protocols or guidelines we have put in place, please feel free to contact us. We hope that everyone understands we reserve the right to send any participant or parent home that refuses to follow the new rules or fails to think more highly of others in their behavior.

The major changes and guidelines we need parents and participants to be aware of before they choose to participate are the following:

- Adventureach Teams will be entirely outdoors and there will be no air conditioning.
- No participant or parents should come to camp if they have been exposed to someone showing symptoms or have come in contact with someone with a confirmed case of Cov-19.
- No participant or parents should come to camp if they or someone in their immediate household is showing symptoms or has a fever.
- All participants and staff will be required to provide their own lunches, snacks, re-fillable water bottles, bug-spray, sunblock, hand-sanitizer, and any other personal items.

We appreciate you taking the time to read these guidelines and we look forward to working with you this year. Together we look forward to offering a safe and fun camp experience. If you have more questions or concerns or for elaboration on our practices, please contact us at info@adventureach.org
